To Whom It May Concern:

This letter of reference is provided to Mr. Jim Miller, in support of his application for a teaching position.

It has been several years now since Jim Miller taught at Woodlands Secondary School. When he was here he taught junior (Grade 8-10) mathematics, computer science and science. I was impressed Mr. Miller's teaching performance. He did a jog job with us and there were very few problems. His relationships with students and staff were fine and he dealt with his own discipline concerns. In general, he provided good service to the school.

Mr. Miller has impressed me as a 'Renaissance Man' of sorts, with an abundance of creative ideas. He has a variety of life skill experiences, which have included publishing and writing, and a background in computers.

I am aware that Mr. Miller has taught most recently in Mongolia and, prior to that in Libya, in international schools. It is my understanding that he has worked to develop a specialty in art education instruction.

Due to declining enrolment and increased class sizes it has not been possible for Mr. Miller to find employment in our school district. Should an opening occur in our school I would welcome his return to staff. In the meantime, I am pleased to recommend him for teaching assignments within his area of training and experience.

Sincerely,

T.M. Ryan
Principal
